About Me

Hi there! I'm Miss Gayathri, and I'm super excited to help you learn English in the coolest way possible!

I'm like a ninja when it comes to teaching English. For over 11 years, I've been sharing my superpowers as an English teacher. You know what's awesome? I have a special degree in English teaching (it's called a Master's Degree in TESOL), which means I'm a real expert in helping people like you speak, write, and understand English better.

I've taught lots of students, and guess what? Almost all of them have done amazingly well! In fact, 93% of my students passed their English test with flying colors. I even taught a mixed group of students, and they all scored between 5.5 to 8 in the IELTS test. That's like going from being a beginner to a superhero in English!

Since 2020, I've been teaching online. That means I can reach students all over the world and help them become English champs from the comfort of their own homes. Whether you're a beginner or already pretty good at English, I've got tricks up my sleeve to make learning fun and easy for you.

So, if you're ready to unlock the power of English and become a language superstar, join me on this awesome adventure! Together, we'll explore the wonders of English in a way that's totally fun and totally easy to understand. Let's rock this language journey together!
