About Me

Hello there! I'm Cikgu Irfan, and I'm super excited to be your tutor! Let me tell you a little bit about myself. I've been on this amazing journey of teaching since 2013. That's right, I've been helping students like you for quite a while now! My passion is to make learning fun and exciting, especially for awesome kids in primary school. Guess what? I'm not just any tutor – I'm a senior and pioneer curriculum instructor for IIUM (International Islamic University Malaysia). It's like being part of a special team that creates cool ways for you to learn and understand different subjects. But wait, there's more! I became a lecturer for SEGi College and University Penang. That means I get to share my knowledge with older students too. Imagine all the interesting things we can explore together! One of my superpowers is teaching Malay Language. I've been helping students at Regent International School master the beauty of the language. And hey, I've also been the go-to person for Bahasa Melayu in SK Abang Buyuk, Jerijeh. That's right – Year 4 and Year 5 students have had a blast learning from me! So, why choose me as your tutor? Well, I bring 10 years of experience, tons of fun ways to learn, and a passion for helping you succeed. Together, we'll make learning an awesome adventure! Can't wait to start this exciting journey with you
