About Me

Hi there, I'm Sir Zafree, your math tutor and coach! I've been teaching math and coaching students for the Math Olympiad since 2012. It's like being a coach for a big sports team, but instead of sports, we play with numbers and solve fun, challenging math problems together!

I'm also part of the Malaysia IMO Committee, which is like being a superhero team member for math in Malaysia! I help train students to get ready for big competitions like the International Math Olympiad and the Kangaroo Math Competition. It's like training for a big adventure where we explore the world of math together and discover all its amazing secrets!

So, if you love math and want to become a math wizard, join me, and together we'll conquer the world of numbers!
